The EMPHASIS :

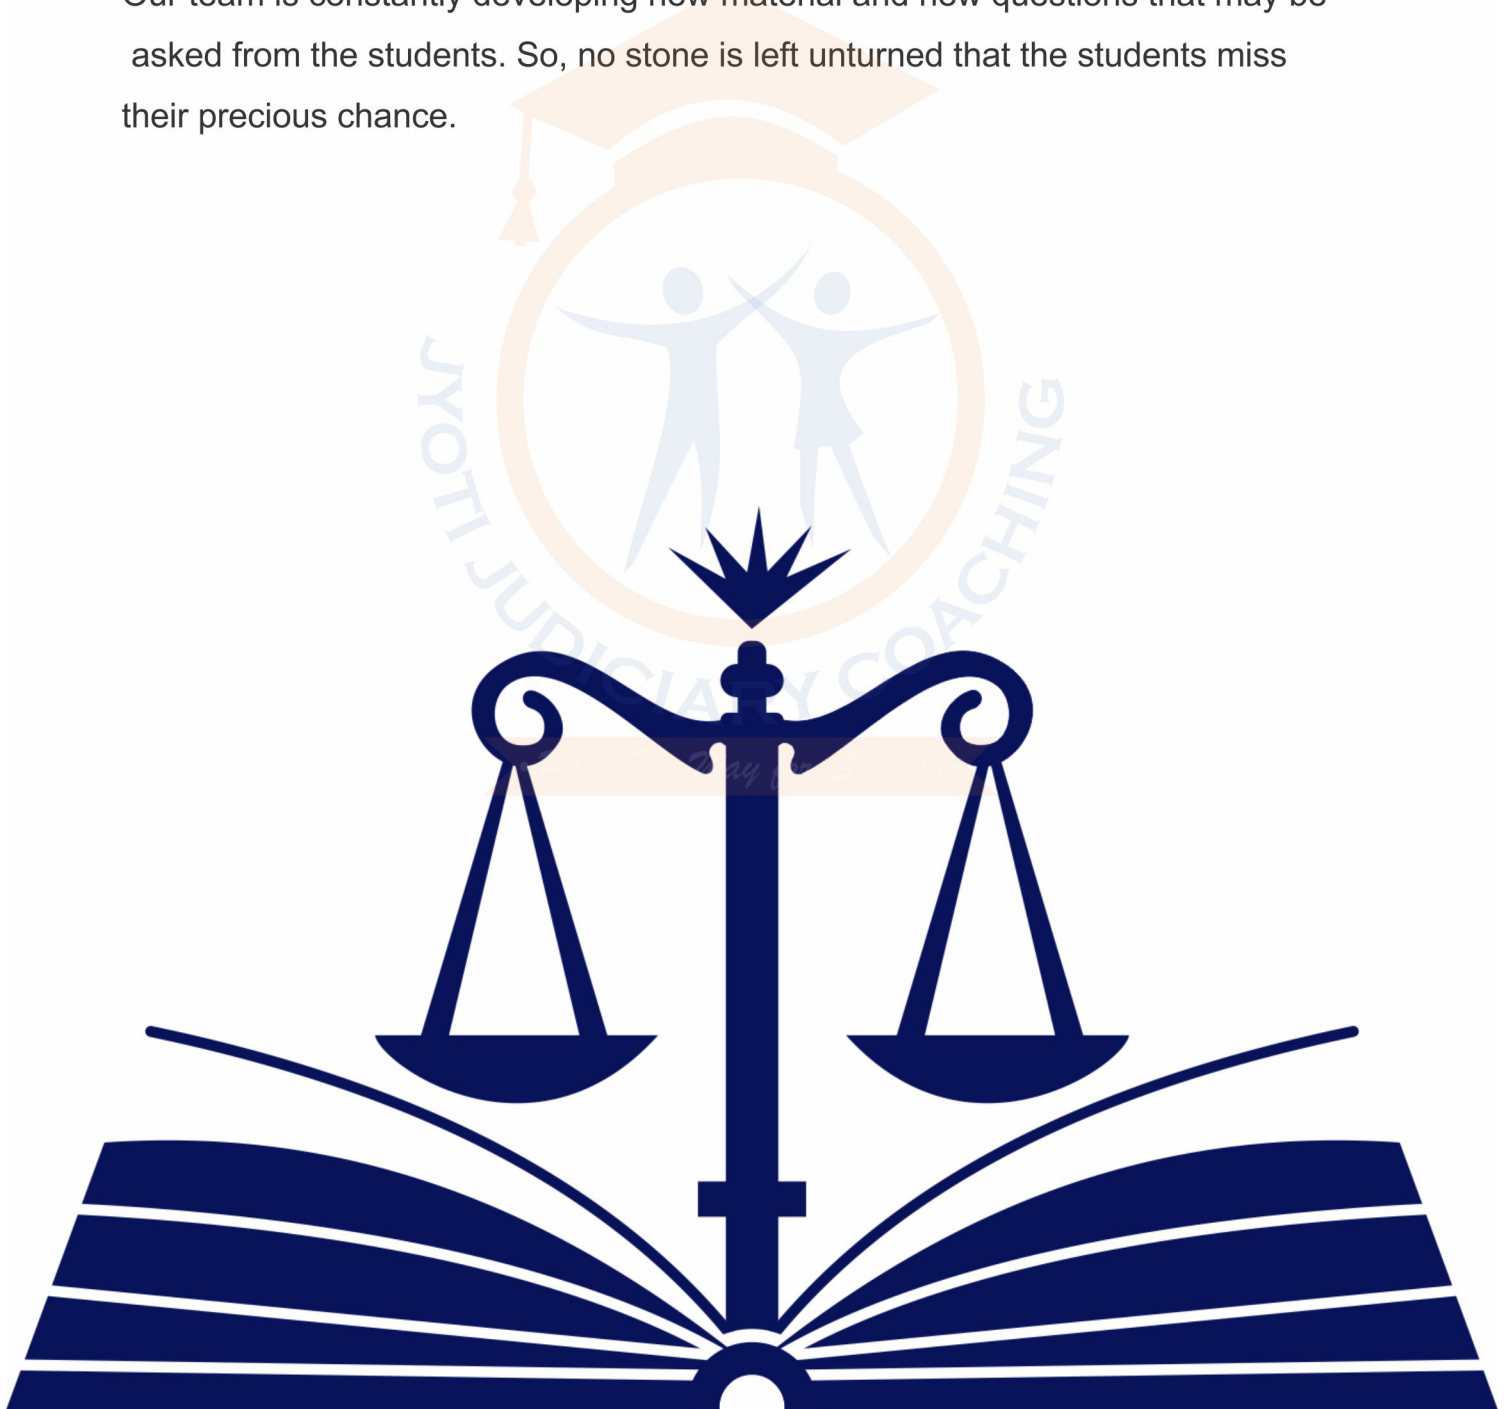

Here, at CLAT by Jyoti Judiciary, the entire focus is on conceptual understanding of the various subjects that the students are tasked to tackle during their entrance examination. Our teachers help lay down a strong foundation for the students. So, that the entrance examination is a cake walk for the students.

The ANALYSIS:

the students are always analysed from time to time so that they can realise their mistakes and when the day of the examination comes they are in position to better understand and analyse what they have to tackle, so that they can tackle that successfully.

The RESEARCH : Our team is the best when it comes to research, we help our students take advantage of our constant research to help them with their studies. Our team is constantly developing new material and new questions that may be asked from the students. So, no stone is left unturned that the students miss their precious chance.

Job Opportunities

Most premier law institutes provide an integrated 5 year double degree course, where in the students pursue their LLB with some other bachelor degree of their choice.

The question that comes to the mind of most is why to choose LLB as a career. Well, the course provides you with ample opportunities to have a successful life.

Corporate Jobs :

Students from top law universities in the country directly get placed during their college itself in top corporate firms of the country. There is a requirement of legal workforce in all top corporate firms and there are various corporate law firms even where you can go and secure your careers.

Advocacy :

One of the most traditional and oldest profession in the world. Once you complete your course from your college you can enroll yourself as an advocate and start practicing in the top law courts of the country. Advocacy is one of the most respected profession in the world.

Legal officer in Government :

One can also opt to become a legal officer in various government departments, one has the required qualifications and the knowledge to become a legal officer in a government department.

Judiciary :

One can also after completing their course from the college opt to become a civil judge in this country. It is one of the most highly respected and prestigious position one can achieve in their careers. Trends show that the students from premiere law Colleges are becoming judges.

Education :

There is plenty of opportunities for a law graduate to become a part of the educational system as a teacher, as a researcher, as an academician. It is also one of the most respected professions in the world and students with an inclination towards studies can always opt for this.

Civil services :

Students can also after their law graduation prepare for the civil services examination. The most respected and prestigious position in India. We have seen trends from the past so many years that the students with a law background are passing the civil services examination with flying colors.

- Specially curated and unique

Attention on every student:

CLAT by Jyoti Judiciary gives attention to each and every student that is part of the program and no student feels left behind in the journey. It is important no student feels ignored. Otherwise the student feels he's no longer a part of the race. Our faculty and staff make it a point that no student of our program feels the same and we always motivate students in every way possible.

Right Motivation:

It is said that half the battle is won in our thoughts. It is important that the students always feel motivated throughout the journey, so that they always feel that they have a good chance of realising the dreams. We provide the students with an environment that is conducive to learning and stay away from harsh tactics that demotivate the students. We care for the mental health of the students and make it a point that they are always in the right frame of mind. So, that they can crack the examination and live the life of their dreams.

Positive Atmosphere :

Positive Atmosphere is extremely important for anyone that is yearning to learn anything, be it anything, there is a calmness that is required so, that the students always are in a position to give their 100 Percent. The speciality of our class room program is that we provide a positive atmosphere that is conducive to learning.

No stress - only studies :

It is often observed in research that the students start feeling and developing anxiety when they are preparing for any examination, and the problem lies in the fact that how their class room program has been developed, we understand that the students are young and all they should focus on is their development rather than taking stress at such an early age.

Our Classroom Program :

CLAT by Jyoti Judiciary has a comprehensive one year program that is specially designed for the young students to help achieve their dreams of becoming a part of the top law universities in the country through various entrance examination such as CLAT, AILET, SLAT and others. Our program has been specifically designed keeping the examination in mind and helping the students enhance their skills and their overall development. Our program is a unique program that is specially designed with our team that is constantly doing research in this area.

Why Our classroom program ?

III -NLU Alumni faculty :

Our faculty is from the most premier colleges of the country and they have understood the demands of the students as well as the examination and that is why they have through research have developed a program that suits the needs of all students. It is noteworthy that our team is constantly working to help you with your dreams. They understand the importance of students entering a good college as they themselves have been a part of the process and that is why they are best fitted for the job as well.

Comprehensive Study Material :

We provide the students with the best study material that is available in the market. So, that the students always have a ready reference and need not look here and there. Our team has specially curated the material so, that the students have something very specific to follow. It is important in this important age that the students are presented precisely what is required.

Test Series :

Keeping the examination in mind the students are provided with regular test series, so that the students can analyses for themselves where they are standing as well as the teacher knows how much hard work is required for each and every student. Our mantra is to leave no student behind. So, analysis through a test series is very important. The more one practices, the more one is in a position to crack the examination.

The examination :

CLAT :
